

DESMOND ACHTERBERG

Machine Learning Engineer

Kraków, Poland

d.achterberg@example.com

SKILLS

Languages: Python, Rust, SQL

ML: PyTorch, scikit-learn, MLflow

Data: Spark, Airflow, dbt

EDUCATION

Jagiellonian University

MSc Applied Mathematics, 2019

WORK AUTHORIZATION

EU citizen. Requires H-1B sponsorship for roles based in the United States.

EXPERIENCE

Senior Machine Learning Engineer, Nordlys Retail Group

August 2022 to Present

- Cut demand-forecast error 19% by replacing the seasonal ARIMA baseline with a gradient-boosted model
- Built the feature store that serves 60 million predictions per day

Machine Learning Engineer, Baltic Data Works

September 2019 to July 2022

- Trained the churn model that recovered 4,200 subscriptions in its first quarter
- Wrote the batch scoring pipeline in Spark, replacing a nightly cron script
